Celebration of Karam Mahotsav in Mosodih village of Kharsawan Range

Wildlife Management

- Period of incidence: 15th Dec – 30th Dec, 2021
- Single male elephant near village - Soro, Range – Chandil
- Sprain in left front leg due to which it was unable to move freely
- Vegetables such as cabbage was used as medium of drug delivery
- After initial unsuccessful attempts it was found that the elephant was not showing any interest in cabbages due to bitter taste of the medicines
- Therefore pieces of jaggery were also embedded into the cabbages laced with drugs
- Video of field staff giving cabbages to the elephant

Forest Fire Management

- Establishment of Fire Control Cell
- All Fire alerts routed through this cell
- Maintain Fire Control Register
